***Response to Amendment***

This office action is in response to the decision made by the Board of Patent Appeals and Interference (BPAI) as dated on July 24, 2008.

Claims 41-50 are pending for examination. Claims 1-40 have been canceled which include the claims 21-40 that were rejected by the BPAI under 35 U.S.C. 101 as non-statutory subject matter.

***Allowable Subject Matter***

Claims 41-50 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 41, is allowable in view of the decisions made by the Board of Patent Appeals and Interference (BPAI) that the prior art on record or that encountered in searching for the invention, fails to disclose or suggest the features of instant invention – “the Domain Name Server system which updates the domain name records in the manner as claimed by applicant. Specifically, the correlation of a first and second domain name record and the required function at the end of each independent claim of updating a second domain name record in a so-called whois database based on a first domain name record.”

Claims 42-50, depend on claim 1 respectively, therefore are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
